*Martin Dental Announces New Dentist Joining the Team*

**Eau Claire, WI** - A local dental spa is adding another dentist to its team to help elevate the dental experience. Martin Dental is thrilled to announce that Luke Viall, D.D.S will be joining Martin Dental.

“As I was referencing his instructors from school, I knew from the positive feedback that he was not only going to be a great fit for our team, but he was also going to give the best care to all of our patients,” said Dr. Tony Martin, owner of Martin Dental.

Dr. Viall is a Waukesha native, where he grew up with 10 brothers and sisters. He attended the University of Minnesota School of Dentistry, and upon graduation he attended an Advanced Education in General Dentistry program at A. T. Still University in Mesa, Arizona.

“Dr. Martin and Jessica have been very welcoming throughout this whole process. I am excited to be involved in a community like Eau Claire and Altoona,” said Dr. Viall.

Dr. Viall will begin seeing patients in Eau Claire starting in July. Martin Dental is currently building a new office in Altoona.

“We are so excited to be working on our new dental office that will be ready in November, but in the meantime, Dr. Viall will be joining us at our current facility. Bringing Dr. Viall on will be a great way for people to get treatment

Groundbreaking for the new Martin Dental office is set for early June with a completion date of early November. Martin Dental was founded in 2010 as a general and cosmetic dental office in Eau Claire, Wisconsin. Dr. Tony Martin offers a full array of dental services including dental exams, dental implants, root canals, and other dental services to help patients maintain healthy teeth. Martin Dental is also the Chippewa Valley’s first and only dental spa, which means every visit includes the option to select any of their complimentary spa amenities to help patients feel relaxed and comfortable during each visit.
