WNB Financial is pleased to announce the promotion of Amanda Wenzel to Controller.

In her new role, Wenzel will manage the Bank's Accounting Department and ensure financial reporting by the Bank and its affiliates is timely, accurate, and in compliance with GAAP (generally accepted accounting principles) and regulatory standards.

Wenzel has been an employee of WNB for 17 years, primarily within the Business Banking area. She began her career as a Credit Analyst and progressed to leading the team as Credit Officer. Wenzel resides in Winona with her husband, Kris, and volunteers her time as Handbell Director and member of the senior and ladies choirs at St. Matthew's Lutheran Church, a member of the Winona-based flute choir, Flutistry, and a member of the Winona Municipal Band.

"We couldn't be happier to have Amanda join our Accounting team," said Matt Becker, WNB Financial Senior Vice President and Chief Financial Officer. "She has a strong base in accounting and a wealth of experience, particularly in the lending analysis area, but just as importantly she exemplifies the positive culture that supports everything we do at WNB."
